

JUNE 2010

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
	1	2	3	4	5	6
	Sow swiss chard outdoors		Plant sweetcorn out in blocks, not in single rows - this assists pollination			
		Make a second sowing of coriander				
		Plant outdoor tomatoes				
		Lift spring-flowering bulbs now that foliage has died down				
				Gardening Scotland		
7	8	9	10	11	12	13
Transfer brussel sprouts, cabbages, cauliflower, brocolli and kale from seedbeds into their final planting position. Cover with mesh to protect against caterpillars..						
	Lay straw under strawberry plants to keep the fruits off the ground					
	Prune spring-flowering shrubs as soon as they have finished flowering				Tie in climbing roses	
	Check tree ties and let out if trunks have expanded				South East Essex Garden Show	
14	15	16	17	18	19	20
Plant lettuce and radish between brassicas		Sow maincrop turnips for autumn harvest, plant out celery you have sown previously under glass				
Plant out rooted cuttings of mint						
Mulch raspberry canes with well-rotted compost or straw to retain moisture, mulch gooseberry bushes with compost						
		BBC Gardeners World Live				
Inspect all crops for signs of pests and diseases, particularly the brassicas for caggabe white caterpillars						
21	22	23	24	25	26	27
Sow Florence fennel outdoors		Stop cutting asparagus spears, allow the feathery foliage to grow freely, strengthening the crowns for next year				
	Collect lavender for drying					
Net strawberries and fruit bushes not grown in cages						
Remove dead flower heads from bedding, herbaceous perennials and flowering shrubs to prolong flowering period						
	Fill gaps in borders with brightly coloured annuals			Continue watering plants and lawns if there is no rain		
28	29	30				
Early potatoes are ready around now. Lift these for eating straight away						
Lightly prune aubretia to prevent plants becoming leggy
